HEIRRI project has received funding from the European Union's Horizon 2020
research and innovation programme under grant agreement No 666004

Higher Education Institutions
& Responsible Research and Innovation

HEIRRI Project: Responsible Research and Innovation, pleonasm or indispensable prefix for sustainable education?

Marta Cayetano
Communication officer
- HEIRRI, ACUP and GUNi

IAU Conference, Bangkok, 13-16th November 2016

HEIRRI project has received funding from the European Union's Horizon 2020
research and innovation programme under grant agreement No 666004

Welcome, speakers!

Josep M. Vilalta – Executive Secretary, Catalan Association of Public Universities (ACUP) and Executive Director, Global University Network for Innovation (GUNI)

Hillegje van't Land - Deputy Secretary General,
International Association of Universities (IAU)

Go Yoshizawa - Associate Professor, Osaka University

The session

- 1. The RRI concept and a short overview on the HEIRRI project**
- 2. Possibilities to work on RRI from a university network perspective (ACUP/GUNi and IAU)**
- 3. Reflections on RRI Education and Teaching in Asia**
- 4. Debate / discussion. We would love to hear from you!**

What is RRI?

RRI seeks the alignment between R+i and the societal needs, values and expectations.

RRI is a critical and transformative concept

Higher Education Institutions
& Responsible Research and Innovation

This is HEIRRI

HEIRRI is a **Horizon2020 project** that aims to integrate the concept of Responsible Research and Innovation (**RRI**) at all stages of **education** of scientists and engineers, as well as other fields or professions working on or affected by R&I.

The RRI family!

53 EC-funded projects working on RRI

RRI-Tools, EnRRICH (Enhancing RRI through Curricula in Higher Education), SPARKS, etc...

HEIRRI project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 666004

& Responsible Research and Innovation

HEIRRI Consortium

HEIRRI project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 666004

Main outputs addressed to Higher Education institutions

1. HEIRRI Database:

Gathering RRI & RRI learning practices: the HEIRRI database

Main outputs addressed to Higher Education institutions

2. Formative materials for Universities which can be implemented to:

- *Bachelor Degrees
- *Master Degree
- *PhD
- *Academic and non-academic HEi staff

Available on Open Access on www.rri-tools.eu and www.heirri.eu
(June 2018)

How to get engaged with RRI teaching?

- 1. Pilot 2 training programmes at your University through the HEIRRI scholarships**
- 2. Join the online forum!**
Write down your email at the empty sheet next to the HEIRRI leaflets
- 3. Sign the document of engagement**
- 4. Receive our newsletter www.heirri.eu**
